## EDUCATION

### Udesc, Joinville — *Software Analysis and Development*

January 2011 - June 2015

Three years course, deeply focused on software development. Some introductory classes and others are very deep into analysis models, development, and practice.

## EXTRA-ACTIVITIES

### Linux Sys Admin — Learned how to handle the command line.

### Contributor at the LibreOffice — Learned how to work in big teams. I did mostly cleanups and refactoring.

### Microservices with Spring Boot — Udemy course

## SKILLS

JSE, J2E, PHP, Clojure, Spring Boot

REST, JSON, XML, JAX-RS

GIT, GitHub, ArgoCD, DevOps.

AWS, Kafka, Docker

MySQL, PostgreSQL

JavaScript, React, JSX

## INTERESTS

**In my free time,** I often study (English or technology) and follow the community. I'm a big fan of Rubik's Cube 4x4 and movies.

**When I'm offline** I spend most of my time with my wife. We love having a couple of coffee and a movie together.

**Apart from TV and coffee.** I love to cook. I'm also a musician.

**Open source projects** are something else for me. I try to help as most as I can. Recently I'm committed to retro.tools

## LANGUAGES

Portuguese – Native
